60.405 Disposal of Unclaimed Personal Property in the County's Possession and County-Owned Surplus Property.

(1) Policy. Except as otherwise provided and pursuant to ORS 279A.070 and 279A.185, unclaimed personal property in the County's possession and unneeded County-owned personal property shall be disposed of expeditiously under the centralized supervision of the County financial officer. Disposal shall be by auction, sealed bids, grant to other governmental bodies or non-profit organizations, or discarding. The policies in this section expressly do not apply to unclaimed, lost or abandoned property coming into the possession of the County, where disposition is specifically subject to State Statutes e.g., vehicles, including bicycles, intangible personal property, stolen property where the owner is known, seized concealed weapons, and property of a deceased person taken into possession by the County.

An "auction" for purposes of LM 60.405 may be electronic in accordance with procedures deemed necessary by the County Administrator, in his or her discretion, to protect the County's interest. Otherwise an auction shall be live.

(2) Certification of Inability to Determine Owner of Property. Before disposition of any unclaimed, lost or abandoned personal property not owned by the County but in possession of the County, the Director of the Department in possession of the property shall certify to the County financial officer that a reasonable effort to identify and locate the owner of the property has been unsuccessful. Upon such certification, and with the approval of the County financial officer, the certifying

⁷ See footnote #1.

Department may retain any specified property as County property for County use. The County financial officer, or his or her designee, shall establish procedures for storage of property certified to his or her Department for disposition by means other than retention by the certifying Department.

(3) Certification as Surplus Property. Before County-owned personal property may be disposed of as surplus, the appropriate Department Director shall certify that such property is surplus as to his or her Department to the County financial officer. The County financial officer, or his or her designee, shall establish procedures for storage of property so certified. If the certified surplus property consists of vehicles or motor-powered equipment in the possession of any Department, the County financial officer shall authorize sale by auction, sealed bid, direct sale, grant or discard by the possessing Department pursuant to LM 60.405(4) below.

(4) Disposal of Unclaimed Personal Property in the County's Possession and Certified County-Owned Surplus Property. The County financial officer or his or her designee, shall establish procedures for disposal of unclaimed, lost or abandoned personal property in the County's possession and certified County-owned surplus property to include at minimum the following:

(a) Circulating lists of selected items declared surplus to other County Departments, other governmental organizations, and non-profit groups. Cities and school districts located within Lane County shall receive preferential consideration for disposal of certified County-owned surplus vehicles and motor-powered equipment, as follows:

(i) The fair market value of the surplus vehicles and equipment shall be established by the Department Directors or their designee based upon prices obtained in prior years' auctions and upon other relevant information.

(ii) Before the final list of surplus vehicles and equipment for public sale is prepared, all of the school districts and incorporated cities within Lane County shall be notified in writing of the availability of such surplus vehicles and equipment.

(iii) The notice shall include, but need not be limited to, the list of surplus vehicles and equipment, the established fair market value for the surplus vehicles and equipment, the date by which an irrevocable school district or city offer to purchase surplus vehicles and/or equipment at the established fair market value must be submitted, and the date on which the purchase offers will be reviewed.

(iv) In the event that more than one city makes an offer on a vehicle or unit of equipment, the priority for approval of the purchase offers shall be in inverse order to the cities' populations. In the event that more than one school district makes an offer on a vehicle or unit of equipment, the priority for approval shall be in inverse order of the school district's enrollment. In the event that a city and a school district make an offer on a vehicle or unit of equipment, the city shall receive preference over the school district.

(v) The execution of certificates of title and bills of sale for surplus vehicles and equipment sold under this provision shall comply with LM 2.260(1)(h).

(vi) Once the school districts' and cities' offers have been met to the extent possible, any remaining offers shall be returned to the appropriate school districts and cities and the final list of any remaining surplus vehicles and equipment shall be prepared for public sale.

(b) By public auction, or

(c) By advertising pursuant to LM 21.105(3), for the purpose of sealed bids. For sales estimated at \$100,000 or less, a public opening of bids is not required as long as the department notifies bidders of its decision as soon as practicable and within a reasonable time. Acceptance or rejection of the sealed bid price will be at the discretion of Lane County.

(d) By discarding when in the judgment of the County financial officer, or his or her designee, the property is of such little value that it should be discarded.

(5) Disposition of Firearms. The Sheriff will return all stolen firearms in the Sheriff's possession to the rightful owner if the owner can be identified and located through reasonable effort. All seized concealed weapons shall be disposed of in accordance with State statute. The sheriff shall dispose of all other firearms by any reasonable means chosen by the Sheriff, which may include sale at auction, destruction, and donation to other agencies for such purpose as training in hunter safety.

(6) County Employees. Surplus County supplies and equipment shall not be made available to any County employee, except through public auction or sealed bid.

(7) Warranties. No warranty or guarantee shall be made as to the condition of any item offered for sale. All surplus property is offered for sale "as is and where is," without recourse against the County.

(8) Terms of Purchase. All property shall be paid for in full during the sale and legal title of ownership shall pass from the County to purchaser prior to removal from the site. *(Revised by Order No. 93-1-19-14, Effective 1.19.9; 04-6-30-12, 6.30.04; 05-2-16-8, 2.28.05)*

60.410 Disposal of Museum Deaccessioned Property.

The Lane County Historical Museum, on occasion, will find it necessary to permanently remove artifacts or museum library materials from its collections.

(1) Rationale for Deaccession. Before an object can be considered for deaccession one or more of the following reasons must apply:

- (a) The object is duplicated by others in the collection.
- (b) The object is beyond the museum's financial resources to properly care for or store.
- (c) The object is broken, deteriorated or otherwise in poor condition and is considered by the Museum Manager to be cost prohibitive to restore, repair, or preserve.
- (d) The object has been altered to such a degree that its interpretive value has been compromised.
- (e) The object has become dangerous because of damage, deterioration, or has always been hazardous.
- (f) The object has no significance to Lane County, or it is not possible to ascertain the object's significance to Lane County.
- (g) The object was not solicited and is of no redeeming quality for either exhibit or research. This includes abandoned property left at the museum or otherwise given to the museum without proper documentation or legal transfer of ownership.

(2) Procedure for Disposal. The decision to deaccession must be made by the Museum Manager. Disposal of deaccessioned museum objects shall be in accordance with the following methods.

(a) A list of deaccessioned objects will be produced and circulated to other appropriate museums in Oregon. (Government-operated or non-government-operated museums).

(b) Objects not disposed of through other museums shall be offered to other Lane County Departments for departmental use, again by means of a circulated list.

(c) Remaining deaccessioned objects shall then be offered to the public for sale. The Museum Manager is authorized to determine the type of public sale deemed appropriate. (Ex: oral auction, silent auction, sealed bids.) The sale requirement may be waived if in the judgment of the Director of the Department of Management Services, or his or her designee, the deaccessioned objects are of such little value that a public sale is not warranted.

(d) Deaccessioned objects remaining after none of the above methods resulted in disposal shall be transferred to another nonprofit organization for use, or to an individual intent on restoring the object, or discarded by the museum.

(3) Identifying Marks and Documentation. Regardless of the method, before final disposal all museum-identifying marks, tags, numbers, etc., will be removed if possible. A written record of the reason(s) for deaccession (using above-listed criteria) and ultimate disposition will be retained in the appropriate museum records.

(4) Warranties. No warranty or guarantee shall be made as to the condition of any deaccessioned object. All property is transferred "as is," without recourse against the Lane County Historical Museum or Lane County.

(5) Terms of Transfer. All property transferred by sale shall be paid for in full at the time of the sale. Whether transfer is by sale or otherwise, title of ownership shall pass from the museum to receiving party prior to removal of object(s) from the site. The receiving party is responsible for all costs of removal from the site. The Museum Manager is authorized to sign documents transferring legal title of deaccessioned objects. *(Revised by Order No. 90-10-30-6, Effective 10.30.90; 98-4-1-11, 4.1.98)*

USE OF SERVICES

60.605 Public Safety Department Community Service Officers.

In the interest of the public health and welfare and on a volunteer overtime basis, if possible, Sheriff's Deputies may be available as Community Service Officers for such duties as security, crowd and traffic control. The rate for such Sheriff's Deputies is set at Deputy Sheriff 1 classification at time and a half, plus current fringe benefit cost and current County indirect and department overhead cost per officer--with a two-hour minimum charge required.

If volunteer Deputies are not available and it is necessary to assign Deputies in specific instances where it is deemed necessary to have Deputies in attendance, the rate of pay will be in accordance to the current labor contract plus the current fringe benefit cost and the current County indirect and department overhead cost as well as minimum call time as provided in the current labor contract. Supervisory personnel assigned will be paid at their current salary rate, plus time and a half, and the current fringe benefit cost and the current County indirect and department overhead cost, with the same minimum call time as the contract group.

Arrangements for such services shall be made by negotiation with Lane County through the Sheriff's Office (Department of Public Safety), and shall be within the limits and guidelines defined by the Sheriff's Office. Arrangements will not be made where a conflict of interest or jurisdiction exists, or when the Sheriff decides it is not in the public interest to provide the officers. *(Revised by Order No. 82-7-14-26, Effective 7.14.82)*

60.620 Role of County.

(1) Request of State. The County in which a project is to be located must, by a formal vote of the Board of Commissioners taken at an open, publicly announced meeting, request the Commission to issue the bond.

(2) Land Use/Economic Development Plan Certification. The city, (if in an incorporated area) or the County, as appropriate, must certify that the project is in compliance with the local government's acknowledged comprehensive plan. If the plan is not acknowledged, the local government must certify that the project is in compliance with standard land use goals and guidelines as set forth by the Lane Conservation and Development Commission. The local government must also certify that the project conforms to the overall economic development plan for the area.

(3) Final Approval. Eligibility of certain projects is NOT determined by local governments; the Economic Development Commission makes this determination, although final approval must come directly from the Governor. Approval by the Commission does not guarantee that the applicant will obtain bond financing; the applicant must still secure the financing on the company's own financial merits. *(Revised by Order No. 94-6-15-4, Effective 6.15.94)*

(c) The application will not be scheduled for Board consideration until after land use findings are complete. The applicant is advised to apply through Lane County at least 45 days prior to the State EDC consideration date.

60.840 Department of Health and Human Services Fees.

In order to ensure the efficiency of human services in Lane County, the Department of Health and Human Services is authorized to collect fees for services.

When the fee is listed at actual cost or acquisition cost, this is to mean the actual cost of purchasing the service or product, rounded to the nearest dollar.

The Department Director, or designated program managers within the Department have authority to waive any fee in part or in whole for good cause shown or in circumstances where it is apparent that the client could not accept the services if a fee was required. Written documentation on these extenuating circumstances are to be kept on file. Fiscal records should reflect charges as per fee schedule, with balances shown for bad debts and for fees waived. Those fees for which a sliding fee scale is appropriate, will be discounted according to the annual Service Discount Schedule approved by the United States Department of Health and Human Services, Region X.

Pursuant to the authorization of ORS 431.415 and the authority of the Lane County Home Rule Charter, the following fees shall be charged by the Department of Health and Human Services and paid to Lane County for the following services. Any fee that is designated "Actual," or "Acquisition Cost" will be set at the beginning of each fiscal year, or as directed by the state. (7) Community Health Centers (FQHC). Community Health Centers provide access to primary and preventive healthcare services for medically uninsured, underserved and homeless populations in Lane County, in accordance with federal requirements under Section 330 of the Public Health Service Act. The Community Health Center has a Board approved fee schedule for all billable services. The fee schedule is established and implemented to ensure that all patients receive fair and equitable treatment for any and all services provided by the Community Health Center. The fee schedule approximates reimbursable costs for those services and is comparable to prevailing local rates. The billing for third party coverage, i.e. Medicare, Medicaid, private insurance carriers, etc., is set at the usual and customary full charge.

Patients with restricted, limited, or no third-party insurance coverage will be expected to provide appropriate information for a determination of eligibility in order to receive a sliding fee discount. Based on proof of income presented and/or social verification recorded, patients will be informed of eligibility for a sliding fee discount from the usual and customary full charge. All patients are eligible to apply for the sliding fee discount. Eligibility is based on total family size and family income using current Federal Poverty Guidelines. Eligible patients will have their covered charges discounted based on the sliding fee schedule. Patients will be required to pay a nominal or minimum fee even if they fall below 100% of the Federal Poverty Level. Patients below 100% of the federal poverty level pay a minimum fee and those between 100% and 200% of the federal poverty level pay a discounted sliding fee. Fees for lab, pharmacy and durable medical equipment and supplies may be added to the minimum fee and/or discounted fee.

Community Health Centers Sliding Scale (“flat fee”) Fee Discount Scale

	<u>Flat Fee</u>	<u>Fee for Additional Procedures</u>
<100% FPL	\$20	+15
100-125% FPL	\$25	+20
125-150% FPL	\$40	+25
150-175% FPL	\$50	+30
175-200% FPL	\$60	+35
>200% FPL	Full Fee	Full Fee

No patient will be denied access to services simply due to an inability to pay for services. However patients “unwilling-to-pay,” may be denied services. Willingness to pay is defined as taking appropriate steps to ensure payment for services rendered. Patients will be expected to comply with the efforts of registration staff members to ascertain the existence of any third-party insurance coverage a patient may possess, or otherwise appropriately document said patient’s inability to pay for services.

60.850 Land Management Division/Department of Public Works.

In addition to the fee schedules established in LM 60.850, 60.851, 60.852, 60.853, 60.854 and 60.855, the following policies and applicable charges are established:

In such case, the appropriate fee based on LM 60.875(1), (2) or (3) shall be charged for disposal of the item.

(h) Post-MRF Residues. Material recovery facility (MRF) post MRF residue fees shall be set based on the level of recovery achieved by qualifying MRFs. These fees apply only to the residual waste (waste requiring disposal after reusable and/or recyclable materials have been separated) generated by a MRF permitted by the Oregon Department of Environmental Quality. In order for a MRF to qualify for the disposal rates set forth, it must be in compliance with all permits, including but not limited to the disposal site

permit issued by the Department of Environmental Quality, land use permits, etc. Further, in order to be eligible, MRFs must have satisfied any requirements for the payment of civil penalties by permitting agencies after all available appeals have been exhausted.

The disposal fees apply only to residual wastes delivered directly to the Short Mountain Landfill. The tipping fee per ton for post-MRF waste will be determined by the MRF's level of recovery based on the schedule set forth below.

In order to qualify for the post-MRF rate, permitted MRFs must submit monthly reports to the Lane County Waste Management Division by the 15th day of each month for activity occurring in the previous month. "Monthly" shall be from the 1st day of one month to the end of the month so the recovery rates will match up with billing records. Forms to be provided by the Division will require the following information:

- (i) Tons of mixed waste received at the MRF – monthly total
- (ii) A summary of outgoing tons of residual waste, reusable material, inerts and tons of recovered materials and their destinations – monthly total
- (iii) Tons of source separated material received monthly.

Monthly MRF discounts and tipping fees shall be based on the average recovery rate established during the previous twelve months for MRFs in operation longer than one year – a rolling average calculated each month. MRFs which have been in operation for longer than six months, but less than twelve months, shall receive discounts and tipping fees based on the most recent six months of activity using a six month rolling average calculated each month until they have been in operation for a full twelve months. Once in operation a full twelve months, their discounts and tipping fees will be based on a twelve month rolling average calculated monthly. MRFs which are not in operation on September 26, 2001 will receive a discount equivalent to that provided for a 23% recovery rate until such time as they are eligible for discounts and tipping fees based on a six month rolling average as described above. After review of the monthly report and approval by the Waste Management Division, the appropriate rate/discount will be applied to the current month's billing.

New MRFs must demonstrate to Lane County's satisfaction that they are making a good faith effort to accomplish reasonable recovery for the entire first year of operation. Failure to do so may be cause for Lane County to withhold discounts until such time as the MRF demonstrates an ability to accomplish meaningful recovery.

Authorized representatives of Lane County shall be permitted to inspect information from which all required reports are derived during normal working hours or at other reasonable times with 48 hours notice. Lane County's right to inspect shall include but not be limited to the right to review records, receipts, books, maps, plans and other like materials that are directly related to the facility's recovery rate calculation. Refusal by the MRF operator to allow inspection is grounds for loss of eligibility for the post-MRF disposal credit. Failure of the records to substantially balance, or to verify the level of recovery shown in the monthly report by the end of the month shall be cause for Lane County to assume a recovery rate equal to the minimum recovery rate then in effect on the schedule of rates. That recovery rate would also become part of the rolling average.

The data in the monthly report will be used to calculate the monthly level of recovery as follows:

Tons of Recovered Material

Tons of Material Disposed + Tons of Recovered Material

Where total tons recovered is the amount of materials sent to market for that month.

Depending on the level of recovery, Lane County will discount the base disposal rate of \$132 per ton at the Short Mountain Landfill and charge fees as follows:

	System Benefit Fee	Disposal Fee	Other Fees	Total Fee
15% recovery	\$52.89/ton \$16.77/cu.yd	\$70.11/ton \$22.23/cu.yd	\$ 9.00/ton \$ 2.00/cu.yd	\$ 132.00/ton \$ 41.00/cu.yd

In the event of the catastrophic failure of a recycling market, MRF operators may petition the Lane County Waste Management Division for a decrease in the recycling recovery rate percentage necessary to achieve post-MRF discounts. The Manager of the Waste Management Division may decrease the recycling recovery rate percentage necessary for post-MRF discounts in the event MRF operators petition Lane County for a decrease due to catastrophic failure of a recycling market.

If unacceptable waste is found in a post-MRF load (i.e. tires, lead acid batteries, appliances) any per unit fees associated with tires, appliances or other unacceptable waste plus any processing fees shall be charged. If Lane County determines through its load inspections that a post-MRF load contains more than 5% putrescible waste, that load will be charged the standard non-MRF disposal fee.

Lane County reserves the right to visit and inspect MRF facilities during normal operating hours. Refusal of a MRF operator to allow such inspections will result in the loss of post-MRF discounts for the duration of such refusal.

Source separated recyclable material will not count toward the MRF's recovery rate. However, a MRF that accepts source separated recyclable material for processing or sorting may subtract 5% of the total tons of source separated recyclable material from the total tons disposed when calculating the facility's monthly recovery rate. Source separated recyclable material includes but is not limited to curbside residential and commercial recyclables that are collected commingled but separate from waste.

In order for a material to count toward a MRF's recovery rate, it must be used in the manufacture of a new product. However, materials that are diverted for fill, such as shaker fines, brick, concrete, etc., may be counted toward a MRF's recovery rate, but at only half their actual weight.

Because reuse is emphasized above recycling in the State of Oregon, a MRF may double the weight of items recovered for reuse and the doubled weight for reusable items will be applied to the calculation of the MRF's monthly recovery rate.

(i) Cover/Fill Material\$ 20.00/ton
 At the discretion of the Manager, or his or her authorized representative, materials may be accepted for use as cover/fill material at the Short Mountain Landfill depending upon the characteristics of the material and the need at the landfill. The materials may consist of, but are not limited to, soil, dirt, rock, wood wastes, PCS, or other non-putrescibles.

(j) Propane Tanks Up to 10 gallons in capacity.....\$ 4.00 each
 Over 10 gallons up to 15 gallons\$10.00 each
 Over 15 gallons up to 25 gallons\$25.00 each

This fee applies only to refillable propane tanks, not over 25 gallons in capacity. Refillable propane tanks shall be separated from other wastes and recyclables and will be accepted for recycling only.

(k) Assistance/Special Handling Fee. At the discretion of the Manager, or his or her authorized representative, fees for county assistance or special handling of waste delivered to Lane County for disposal or recycling may be charged in addition to other fees set forth in LM 60.875. These fees may be assessed when a customer requests assistance or the material, because of a unique nature or circumstance, requires special handling. The fee will be based on the time required for the assistance or special handling and the cost for use of equipment. The fee for labor only is \$25.00/hour per person. The fee for equipment usage will be based on the current Fleet Services hourly rate for the equipment used. When applied, these fees will be determined in quarter hour increments with a ½ hour minimum.

	System	Benefit Fee	Disposal Fee	Other Fees	Total Fee
(l) Mattresses and Box Springs		\$39.35/ton or \$ 3.01/cu.yd	\$52.15/ton or \$ 3.99/cu.yd	\$ 5.50/ton \$ 1.00/cu.yd	\$ 97.00/ton or \$8.00/cu.yd

(m) Electronic Equipment Recycling. Electronic equipment recycling at five Lane County Transfer Stations (Glenwood, Vida, Veneta, Florence and Cottage Grove) is free for individuals, entities with ten (10) or fewer employees, or any entity bringing in seven (7) or fewer of the following units: CPUs, Computer Monitors, Televisions (any size) or Laptop Computers. Any individual or entity with eight (8) or more units must call to make an appointment for delivery only at Glenwood Central Receiving Station.

The following fees will apply to entities with eleven (11) or more employees:

- Television sets
 - Less than 10” screen\$ 5 each
 - 10” - 20” screen\$ 10 each

(3) Other Fees. Unless indicated otherwise, the equivalent of \$3.50/ton or \$0.50/cubic yard through July 31, 2009, and \$5.50/ton or \$1.00/cubic yard thereafter for secured or covered loads as allocated and listed in LM 60.875(1) and (2) shall be collected to be used for the following solid waste regulation and management, code compliance and enforcement, or long-range planning purposes:

(a) Nuisance site cleanup. A portion of this fee collected before July 1, 2009, shall be used to fund the clean up of nuisance properties identified by Lane County as directed by the Board. It is expected that the majority of these sites will be identified

through the Land Management Division Compliance program. The Board will set criteria and guidelines to determine which sites are eligible for use of the funds. The Board will authorize the use of funds for each specific clean-up project by Board Order.

(b) Waste diversion opportunities. A portion of this fee collected before July 1, 2009, will be used for projects approved by the Board that are designed to divert or prevent waste material from entering the landfill, including but not limited to, research and development. For example, funds could be used from this fee to assist a large manufacturer with a new waste diversion project, or assistance with purchase of equipment to make a particular waste recyclable or reusable. The Board will develop criteria for how grants, or public-private partner projects, will be selected for funding.

(c) Code compliance, enforcement and long-range planning. All of this fee collected after June 30, 2009, shall be used to fund the code enforcement and compliance, or long-range planning programs in the Lane County Public Works Department, Land Management Division as directed by the Board.

(d) On a monthly basis, sixty percent (60%) of the fees collected before July 1, 2009, will be accumulated and maintained for nuisance site cleanup and forty percent (40%) for waste diversion opportunities. Effective July 1, 2009, and thereafter, the fees collected as authorized by LM 60.875(3) shall be used to fund code enforcement and compliance, or long-range planning programs in Land Management Division as directed by the Board. On or before July 1, 2011, the Board may review utilization of the funds collected under LM 60.875(3)(a) and (b) and may adjust those fees at that time. The Board could transfer all, or any portion of, the remaining funds into the General Solid Waste Fund.

(4) Out-of-County Wastes. Wastes generated outside of Lane County are generally not accepted. However, they may be accepted, at the Manager's discretion, dependent upon special circumstances, including but not limited to: the usefulness of the waste at the Lane County disposal site; the difficulty the generator is having in finding a suitable disposal location; or the public's best interests. Additional fees, up to 25% of the Disposal Fee, may be assessed on Out-of-County Wastes, if any special handling is required.

(5) Waiver of Fees.

(a) The Manager of the Waste Management Division, or his or her authorized representative, may waive all or part of the appropriate fees from LM 60.875(2) above for loads of dirt, rock, dirty wood waste or other materials when they are received at specific solid waste facilities where they can be beneficially used.

(b) In the event of disaster or emergency conditions the Director of the Department of Public Works, or his or her authorized representative, may waive fees at County solid waste facilities to assist in cleanup of private property that endangers the public safety and health as provided in the Lane County Basic Disaster Operations Plan.

(c) In the event a city government or an officially recognized community organization representing an unincorporated community or an organized service group wishes to sponsor a community or area-wide clean-up program, the Director of the Department of Public Works, or his or her authorized representative, may waive fees for disposal of materials collected during the cleanup and may specify a period during which the fee waiver will apply. Fee waivers are limited to one per year per community or area. A fee waiver may not exceed \$1,500 except for the City of Eugene which shall not exceed \$5,000 and the City of Springfield which shall not exceed \$3,000 and the total yearly aggregate of fee waivers under this section shall not exceed \$17,500.

(d) In the event an individual collects solid waste in the performance of a public service, such as picking up roadside litter or cleanup of a park area, the Director of Public Works, or his or her authorized representative, may waive fees for the disposal of the collected materials. The individual must request the fee waiver in writing

and must certify in the request that the wastes result from a cleanup activity for public benefit. Fee waivers are limited to four per year per individual or household. An individual fee waiver shall not exceed \$15 and the total yearly aggregate of fee waivers under this section shall not exceed \$7,500.

(e) In the event that a benevolent/charitable organization develops waste from a specific one-time activity such as construction, repair or remodeling of their facilities, removal of underground storage tanks or other excavation on their property, the County Administrator, or his or her authorized representative, may waive the fees for the specific waste. The organization must request the waiver in writing and describe how the waste is being generated. Fee waivers are limited to one per year per organization. A fee waiver shall not exceed \$2,000 for any single organization request.

(6) Discount for Recycling. This subsection establishes a system for discounting the fees at County solid waste facilities for recyclers by recognizing the benefits associated with the reduction of wastes. Fees for recyclers shall be discounted by the amounts listed as follows:

- (a) Entire load of recyclable items.....All Fees
- (b) Partial load of recyclable items.\$ 1.00 from total fee

In order to qualify for the fee discount for a partial load of recyclable items, the total amount of recyclable material must be significant (10 pounds or more). The fee discount for recycling will only be available at solid waste sites which have recycling capability. Only items for which recycling capability is provided at each solid waste site will be eligible for the discounted fee rates.

(7) Discount for Covering/Securing Loads.⁵¹ This subsection establishes a system for reducing the fees at County solid waste facilities for users who prevent litter by covering or securing their loads. The reduction shall be calculated on the same basis as the original fee. The minimum weight-based fee in any case shall be \$9.00. Fees for users covering or securing their loads shall be discounted by the amounts listed as follows:

THIS SPACE INTENTIONALLY LEFT BLANK.

⁵¹ "Covering and Securing Loads" shall include only the following:
 Loads which are totally contained within an enclosed vehicle or container.
 Loads of refuse contained in garbage cans with tightly fitting lids, tied plastic refuse disposal bags or similar totally enclosed individual containers.
 Loads of loose refuse which are covered, as with a cloth or plastic tarp, and tied into the hauling vehicle, such that no refuse can reasonably be expected to escape during hauling.
 Loads of brush, building materials and similar bulky materials which are tied into the hauling vehicle or completely contained within the walls of a vehicle or container, such that none can reasonably be expected to escape during hauling.
 Loads consisting entirely of dirt, rock, concrete, asphalt paving, stumps and similar materials.

(10) Payments for Residential Recycling Depot Service. Providers of residential recycling drop-off depots may receive a quarterly payment to assist in the cost of providing recycling service. To be eligible for such payments, providers of residential recycling drop-off service must be certified by the Lane County Waste Management Division. The Manager of the Waste Management Division shall determine reasonable written certification requirements which may be revised from time to time to reflect program experience, increase waste reduction effectiveness, reflect market changes or for other appropriate reasons.

Payments shall be based on the amount of residential glass, tin, household aluminum, certain plastics, aseptic packaging and motor oil collected in the previous quarter. Payments shall be based on the ratio of the materials that each individual certified provider collected to the total quantity of materials collected by all certified providers. The total amount of payments for residential recycling depot service shall not exceed \$18,000 per year.

Payments will be contingent upon receipt of quarterly reports substantiated by verifiable weight slips from established materials markets or other acceptable sources. Mixing commercial materials with residential materials may be cause for rejection of the entire month for which a payment was requested.

(11) Ability to Reject Wastes. Any wastes may be rejected at Lane County solid waste facilities if they are deemed to be hazardous to the operation or environment, if they are prohibited by State or Federal regulations or permits, or if they include large quantities of materials which can be recovered for a beneficial purpose. *(Revised by Order No. 01-10-24-1, Effective 10.24.01; 04-5-19-8, 7.1.04; 07-6-13-6, 9.1.07; 08-12-17-3, 1.1.09; 09-1-28-9, 1.7.09; 09-6-23-1, 8.1.09)*
