**Question** 20 words which plainly phrases the chief purpose of the measure.  
 Shall Siuslaw School District construct and improve schools by issuing \$36,900,000 in bonds and receive \$4,000,000 in State grants? If the bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of sections 11 and 11b, Article XI of the Oregon Constitution.

**Summary** 175 words which concisely and impartially summarizes the measure and its major effect.  
 \$4,000,000 in State funds have been awarded to the District if voters approve this measure. If voters reject the measure, these funds will be diverted to another district.  
 If approved, the bond and grant proceeds are expected to fund:  
 - Constructing a new Siuslaw high school that complies with seismic standards on existing property; and  
 - Site improvements, furnishing and equipping of projects, salvage and removal of structures, and bond issuance costs.  
 If sufficient bond and grant proceeds are available, the District expects to also fund:  
 - Safety, security features at all facilities;  
 - Technology and curriculum updates at all facilities; and  
 - Roofing, HVAC and energy efficiency improvements at all facilities to reduce operating costs.
