

***Community Vitality and Natural Hazards
Assets, Opportunities and Resilience in Lane County***

HOMEWORK

Please answer the three questions below, then scan and email your homework to Rebecca Flynn at rflynn@uoregon.edu so that we can compile the results and share them with workshop attendees. If you want to submit this form anonymously, mail to Rebecca Flynn, Wayne Morse Center, 1221 University of Oregon, Eugene, OR 97403

Name: _____ Organization/agency: _____

In the context of a large natural disaster, what are the top two or three challenges that your town/agency/organization will face?

- 1.
- 2.
- 3.

What are two or three assets, resources, or competencies or that your town/agency/organization has in responding to a large-scale natural disaster? (For example, a rural area might experience more and longer power outages and have advice about how neighbors can best support one another in such situations. A larger municipality or agency might have staff dedicated to planning for and responding to emergencies.)

- 1.
- 2.
- 3.

Thinking broadly, what are the top two or three ways that your town/agency/organization could benefit from working as part of a regional collaborative?

- 1.
- 2.
- 3.
