Executive Summary

The County Clerk is responsible for the filing, recording and indexing of deeds and mortgages of real property, contracts, abstracts of judgments, notices of pendency, powers of attorney, liens, and other interests provided by law affecting the title of real property and in regard to the entry of satisfaction and discharge of the same, together with other documents authorized by law to be recorded. The permanent indexing of real property records provides a permanent record for determining the accurate chain of title for real property. Citizens and businesses rely daily on this information in the buying and selling of property. Court cases, property taxes, title insurance, etc. also rely on access to timely and accurate real property transactions. The County Clerks issue marriage licenses according to state law; the licenses are indexed as a permanent public record. County Clerks also register and index Certificates of Registered Domestic Partnerships. Marriages may be solemnized within the county by the county clerk or the clerk's deputies.
