Executive Summary

The Defendant and Offender Management Center (DOMC) or Sherman Center provides mandatory and evidence-based services to all Lane County Adults in Custody. The purpose of the DOMC is to assess and manage all offenders in the custody of the Sheriff's Office. This program assesses and classifies offenders to ensure the appropriate and safe housing of each offender. DOMC staff work in cooperation with the Pretrial Services Section to determine the ability to release each offender and to determine the conditions of release. The DOMC evaluates the viability of offenders to serve their court mandated sentences in alternative to incarceration programs. These Alternative Programs currently manage about 400 offenders in Community Service, Sheriff's Work Crew, Electronic Monitoring, Sit-in program, and Adult in Custody Worker Programs. The DOMC oversees all legally mandated programs provided to Adults in Custody in the jail and Alternative Programs, including educational and religious activities. It reduces capacity based releases from the jail by moving lower risk offenders from the jail to lower risk alternative program options.

Service Descriptions

	Revenue	Expense Total	General Fund	FTE
Proposed Budget Total	\$0	\$1,150,639	\$1,150,639	6.00
Current Service Level	\$0	\$1,150,639	\$1,150,639	6.00

This level maintains 4.0 FTE Deputy Sheriffs, 1.0 FTE Records Officer, 0.2 FTE Office Assistant and 0.8 FTE Sergeant to support the jail operation by providing assessment and management of all offenders brought into the correctional facility. DOMC staff properly classifies and places all offenders into worker, educational and alternative to incarceration program activities. Staff monitor and manage the Adult in Custody population level at the jail and assist Pretrial Services in making housing and release decisions. The DOMC provides evidence-based programming aimed at reducing recidivism. Education and training is provided to assist offenders with successful re-entry into the community. Offenders are also assigned work assignments in the community and around the jail facility that would otherwise have to be contracted and paid for by the community. Through this program, offenders' constitutional rights and statutorily mandated services are provided. Without DOMC services the Corrections Division would be unable to manage the Adult in Custody population in the jail and within Alternative Programs.

State/Federal Mandate
