Dawn to Dawn launched in early 2018 through a partnership between Lane County, the City of Eugene and Saint Vincent de Paul. The goal is to pool County funds with matching funds from our partners at the City of Eugene and invest in results-based solutions that address barriers to housing, connect people to existing services, and catalyze system improvements to effectively end homelessness in Lane County.

Dawn to Dawn, formerly Dusk to Dawn, provides year-round emergency, low-barrier shelter to 144+ homeless single adults using temporary structures including military-style tents and Pallet Shelters. The immediate basic needs of residents are met and longer-term support is provided through case managers navigate housing barriers with residents and connect them with needed supportive services (Behavioral health, DHS benefits, Workforce, Physical health). In the first half of FY23, 974 unduplicated individuals were provided with emergency shelter. Among those residents, over 80 moved into permanent housing. This shelter was created to offer shelter beds for people moving out of public spaces.

State/Federal Mandate

There are no State/Federal Mandates for this project. The 9th U.S. Circuit Court of Appeals ruled in 2018 Martin v. Boise case that cities cannot enforce anti-camping ordinances if there is nowhere else to shelter. The 9th Circuit ruling directly affects Oregon. The Dawn to Dawn project reduces the number of individuals forced to sleep on the streets by providing additional access to shelter.
