

PAT FARR

Lane County Commissioner
North Eugene District
Pat.Farr@co.lane.or.us

17 May 2021

Christine Moody

Budget Request for consideration by Lane County Budget Committee, 21-22 budget

Amount Requested: \$ \$22,781

For production of neighborhood newsletters by River Road Community Organization (RRCO) and Santa Clara Community Organization (SCCO) for FY 21/22

Reason for need: these neighborhood organizations are located inside the City of Eugene Urban Growth Boundary (UGB), but only fractionally inside the incorporated City Limits of Eugene. The City provides funding for newsletters based on a per-household allocation for all households inside the neighborhood boundary that are inside the City Limits. It does not fund households outside City Limits, but requires that any mailings include such households. This presents a funding obstacle in that the organizations are required to fund additional mailing and postage costs separately for the households inside the UGB but outside City Limits.

More detailed information regarding City requirements and funding levels can be furnished.

This funding would address the shortage and allow a more robust stream of communication in the neighborhoods, to include refinement plan updates, public safety, annexations and other critical items of City/County coordination.

Source of the budget item:

General Fund Reserve:	\$19,900.00
Commissioner Farr Office Fund:	\$ 2,881.00
Total:	\$22,781.00

Requested by:

Lane County Commissioner Pat Farr

Sincerely,

Patrick M. Farr
