

BEFORE THE **BOARD** OF COMMISSIONERS OF LANE COUNTY, OREGON

ORDER NO: 22-08-09-02

In the Matter of Awarding a Contract to
Ameresco Incorporated for an Asset Planner
Software Platform and Delegating Authority
to the County Administrator to Execute the
Contract and Other Documents.

WHEREAS, Lane County Capital Planning and Facilities Management utilizes proprietary software to operate and forecast critical required preventive maintenance, systems and infrastructure upgrades; and

WHEREAS, failure to meaningfully address deferred maintenance needs will result in an upwardly spiraling number of capital and maintenance requirements; and

WHEREAS, Lane County's existing software platform does not provide the capabilities required for modern asset and maintenance planning, operations, and forecasting; and

WHEREAS, the cost of the software platform will be \$187,555 over a five year period and will replace the County's existing software platform, which will offset the cost of the new system by \$15,661 over a five year period and cost will be absorb by current approved budget; and

WHEREAS, Ameresco Inc., was competitively selected as the winning proposer from the respective request-for-proposals, a component of which included this software contract;

NOW, THEREFORE, the Board of County Commissioners of Lane County
ORDERS as follows:

1. The County Administrator is authorized to execute the AssetPlanner software contract with Ameresco.

ADOPTED this 9th day of August, 2022.

Pat Farr, Chair
Lane County Board of Commissioners
