AGENDA COVER MEMO

AGENDA DATE: August 4, 2004

TO: LANE COUNTY BOARD OF COMMISSIONERS

DEPT.: LANE COUNTY ADMINISTRATOR'S OFFICE

PRESENTED BY: John R. Arnold, Management Analyst II

AGENDA ITEM TITLE: IN THE MATTER OF SELECTING MEMBERS FOR APPOINTMENT TO THE SERVICE STABILIZATION TASK FORCE

I.MOTION: MOVE TO APPROVE BOARD ORDER 04-08-03-xx SELECTING MEMBERS FOR APPOINTMENT TO THE SERVICE STABILIZATION TASK FORCE.

ISSUE OR PROBLEM: Shall each Lane County Commissioner delegate one representative to sit on the Service Stabilization Task Force and shall the full Board vote to select four (4) at-large representatives?

DISCUSSION:

A. Background: The Board of Commissioners established a Service Stabilization Task Force under Board Order 04-6-30-5. Under the previous order, the Board opened a 30-day recruitment period for four (4) at-large positions and provided each commissioner with one appointment for a total of nine (9) positions. The recruitment period ended on July 30, 2004.

B. Analysis At this time, each Board member needs to forward a representative for the Stabilization Task Force and the full Board needs to vote for four at-large positions from the pool of candidates who applied.

C. Alternatives/Options

1. Approve the order as presented
2. Delay action until a future date
3. Extend the recruitment process

D. Implications The completion of the recruitment and selection process for the Stabilization Task Force is needed to meet the criteria set forth in Board Order 04-6-30-5, which sets a deadline for completion of the report by the end of October. Additionally, the first meeting of the Task Force is set for August 10, 2004.

E. Recommendations Move to approve the order as presented. (Option 1)

F. Timing A decision to delay selection may affect the ability of the Service

Stabilization Task Force to complete its work in a timely manner consistent with previous a Board Order.

IV. IMPLEMENTATION/FOLLOW-UP:

Upon appointment of Task Force members, staff will contact members to arrange meeting schedules and assess staff support needs for Task Force to carry out its duties.

V. ATTACHMENTS: Service Stabilization Task Force Applications

IN THE BOARD OF COMMISSIONERS OF LANE COUNTY, OREGON

ORDER NO. 04-8-4

) IN THE MATTER OF SELECTING
) MEMBERS FOR APPOINTMENT TO
) THE SERVICE STABILIZATION TASK
) FORCE
)

WHEREAS, the Lane County Board of Commissioners approved Board Order 04-6-30-5 establishing the Service Stabilization Task Force whose charge is to look at various strategies for addressing the County's structural deficit, including short and long-term implications, and report its recommendations to the Board by October 31, 2004; and

WHEREAS, the Task Force is to consist of nine members, one appointed by each commissioner and four members appointed at-large, to be chosen after a 30-day recruitment period; and

WHEREAS, the 30-day recruitment period has now passed and the Board, having reviewed all applications, is prepared to appoint the four at-large positions based upon an appropriate balance of diversity including, but not limited to, geographic area and political party affiliation; and

WHEREAS, each Board member has also proposed their Commissioner appointee,

NOW, THEREFORE IT IS ORDERED the Service Stabilization Task Force membership shall consist of the following members:

- | | | |
|-----------------------|---------------|--------------------|
| North Eugene District | (insert name) | <i>Jeff Miller</i> |
| South Eugene District | (insert name) | |
| Springfield District | (insert name) | |
| Western Lane District | (insert name) | <i>Eric Jensen</i> |
| East Lane District | (insert name) | |
| At-large | (insert name) | |
| At-large | (insert name) | |
| At-large | (insert name) | |
| At-large | (insert name) | |

ADOPTED this ___ day of August, 2004.

Bobby Green Sr.
Chair, Lane County Board of Commissioners

W. G. B.

Martin Dreisbach

July 6, 2004

Dear Sir/Ma'am:

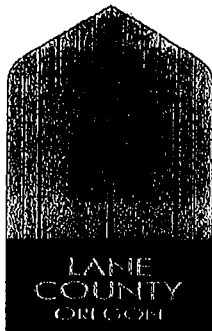

This letter is in response to your request for applications to the Service Stabilization Task Force. Hopefully it will provide information requested in the first two questions on the application form.

I am interested in becoming a member of this task force because I feel I could provide some input based on the views of an ordinary taxpayer. In doing so I feel that I would get some satisfaction out of participating in the organization of my local government. I have never had any aspirations of getting involved in politics, but the budgetary process of the county seems like a worthwhile cause to me. I have no experience in "large and financially complex organizations", but I am 59 years old and have lived my entire life and raised a family on a budget. I have consistently made purchasing decisions to provide healthy living conditions while maintaining a stable fiscal environment for my family. From the day I started earning a steady wage (\$1,000 per year as a 17 year old Navy recruit) to the current culmination (almost) of my career I have maintained a minimum amount of debt and an excellent credit rating through a series of financial variances brought about by job changes and national economic conditions.

I am currently employed as an electronics technician and have worked in that capacity throughout most of my career. During my 40's I enrolled in night classes at a local community college and earned an associates degree in Accounting because I briefly considered a career change into that field. I graduated and went on to earn my junior year's worth of credits in that field before deciding to abandon that particular endeavor. I made that decision based on economic concerns. I felt the cost of tuition simply could not justify the personal satisfaction I was getting out of my classes. I have owned three homes, rented numerous apartments, and fully purchased eight different automobiles at various times in my life. I am by no means wealthy, but I am financially stable and have been so for most of my career. Even during the periods when things got a bit dicey I still managed to adjust my spending to maintain an excellent credit rating.

I am not sure what sort of make-up you are planning for this task force, but I strongly feel that if you do not provide for some input from ordinary citizens then you will be losing a considerable amount of value from your efforts. We are the ones who ultimately approve (or disapprove) your efforts by the ballot. You need only recall the results of past referendums to realize that this is essential.

Sincerely,
Martin Dreisbach

APPLICANT'S NAME AND CITY: <i>Dorothy Kilmer Cottage Grove</i>	DATE: <i>7-29-04</i>
NAME OF TASK FORCE: Service Stabilization Task Force	PLEASE CHECK ONE: <input checked="" type="checkbox"/> New Applicant <input type="checkbox"/> Application for Reappointment

- Give a brief description of the experience or training that qualifies you for membership on this task force (If you wish, you may attach a resume or other pertinent material.) *I have been a health care provider in Lane County for 14 years. I am deeply concerned about public funding for health care in rural communities like Cottage Grove.*
- Why are you interested in becoming a member of this task force, and what specific contributions do you hope to make? *I want to be involved in the discussion regarding disbursement of public funds for public services. I have worked in many aspects of health care in Lane County and have a health care provider perspective.*
- What is your experience or familiarity with large and financially complex organizations? *I have worked in the South Lane School District, Peace Health and Cottage Grove Community Health prior to the bankruptcy.*
- Please describe your familiarity with Lane County's budget conditions and briefly describe what "general purpose government" means to you. *I read the newspaper and follow local news. "General purpose government" indicates to me the use of funds generated from taxes to benefit the citizens of the involved location.*
- List the community concerns and County service delivery issues related to this task force that you would like to see addressed if you are appointed. *I am particularly concerned about funding decisions that negatively impact the provision of public health services in Lane County.*
- Briefly describe your present or past involvement in relevant community groups. (Having no previous involvement will not disqualify you for appointment.) *I belonged to a previous county task force in Cottage Grove in 2000 that reviewed county services and funds disbursement by the County. I have served on South Lane Health Advisory Board and Directors.*
- Lane County is committed to reflecting diverse cultures on its boards/committees and does not discriminate against any person on the basis of gender, race, color, national origin, religion, disability, or age in employment or in admission, treatment, or participation in its programs, services, and activities.
- Are you currently serving on any Advisory Boards or Committees? If so, which ones? *No*
- Are you employed by, have any business, contractual arrangements or family connections with programs having contractual agreements with the County or that might be within the purview of the task force on which you are seeking appointment? (If there is a change in your circumstances, please advise the staff for the task force within 30 days.)

James Mattiace
July 30, 2004
Service Stabilization Task Force

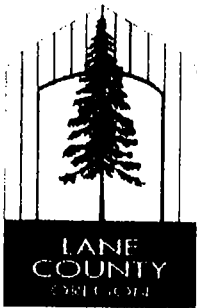

Question 1 – experience

I am currently a commissioner on the Lane County Commission on Children and Families (3 years) and I was past chair of the Lane County Human Rights Advisory Committee. I have also testified to the BCC and the Budget Committee about budget allocations for both the Department of Children and Families and the Human Resources Department. In addition I am actively involved in state politics, serving as local staff for Representative Bob Ackerman (HD 13) and the Legislative Advisory Chair for the Oregon Education Association. I have also served on the CCF Legislative Task Force. Therefore, I know how to work in committee, understand parliamentary procedure, and most importantly, the value of discussion and compromise. I am also knowledgeable about many of the private sector that Lane County partners up with. Additionally, I know what the impacts reduced services have on the people of Lane County, especially disadvantaged populations.

Question 4 – Awareness of Budget and general purpose government

Having testified in front of the BCC and Budget Committee I have gained some knowledge about the budget, especially as it relates to DHS, DCF, or Human Resources. I am less familiar with budget lines about Public Works or the Sheriff.

As for “General Purpose Government”, which the Board has defined as the current level of service delivery, Lane County is not intended to be a permanent safety net for all citizens. General Purpose means that areas which provide a basic framework (roads, open space, basic health services(prevention), public safety, family stability) are the highest priority. If there is more money available, the County can provide more intricate services like counseling, wellness, job training, and child care. While I firmly believe it is the responsibility of ALL levels of government to provide for a safe, secure, meaningful existence for its constituents, there are also fiscal limitations and other partners. At its heart, we should first do no harm, secondly we should look at prevention as a key component, and finally, we should be culturally competent, which includes awareness of rural needs as well.

ATTACHMENT TO THE SERVICE STABILIZATION TASK FORCE APPLICATION
David Piercy, Eugene, Oregon

1. Give a brief description of the experience or training that qualifies you for membership on this task force (If you wish, you may attach a resume or other pertinent material.)

My resume is attached. I retired from District 4J as deputy superintendent and for many years was centrally involved in assisting the staff and school board in setting program priorities. I participated in making the very difficult decisions of what services to reduce or eliminate following the passage of property tax limitations in 1990 up until I retired at the end of 2000.

2. Why are you interested in becoming a member of this task force, and what specific contributions do you hope to make?

Commissioner Dwyer asked if I would be willing to be appointed. I believe that my experience in government (District 4J) budgeting, program evaluation and priority setting will be of assistance to the task force. I want to ensure that the task force gives equal consideration to all services and programs provided by Lane County, especially those that help our most needy citizens

3. What is your experience or familiarity with large and financially complex organizations?

My position as Deputy Superintendent of District 4J makes me very familiar with the operation of large and financially complex organizations. I am generally familiar with how county, city and state governments operate and the limitations they have by law.

4. Please describe your familiarity with Lane County's budget conditions and briefly describe what "general purpose government" means to you.

As a community member I am very aware of the ongoing budget issues the county must deal with and the history of budget elections. As a member of the Mental Health Advisory Committee I am familiar with the impacts budgetary decisions have had on some of our most needy citizens. A "general purpose government," unlike a special district, has a number of functions it serves. In Lane County these include things such as public safety, roads, planning, and health and human services, as authorized by the Lane County Home Rule Charter.

5. List the community concerns and County service delivery issues related to this task force that you would like to see addressed if you are appointed.

I am very interested in having a balanced discussion of how services are delivered in the county with no beginning assumption that one service must be provided over another. I am biased toward insuring that we do as little as possible to further reduce social service and that we consider how to improve those services.

6. Briefly describe your present or past involvement in relevant community groups. (Having no previous involvement will not disqualify you for appointment.)

I am vice chair of the Lane County Mental Health Advisory Committee and chair of the Head Start Board of Directors. In my years at 4J, I have served on a number of intergovernmental work groups and committees.

7. Lane County is committed to reflecting diverse cultures on its boards/committees and does not discriminate against any person on the basis of gender, race, color, national origin, religion, disability, or age in employment or in admission, treatment, or participation in its programs, services, and activities.

ATTACHMENT TO THE SERVICE STABILIZATION TASK FORCE APPLICATION
David Piercy, Eugene, Oregon
Page 2

8. Are you currently serving on any Advisory Boards or Committees? If so, which ones?

The Lane County Mental Health Advisory Committee.

9. Are you employed by, have any business, contractual arrangements or family connections with programs having contractual agreements with the County or that might be within the purview of the task force on which you are seeking appointment? (If there is a change in your circumstances, please advise the staff for the task force within 30 days.)

I provide occasional management consulting services for District 4J, but am not involved in making contractual or policy decisions. I am the chair of the Head Start Board of Directors, which has had small contracts with the county.

10. How did you learn about this vacancy? Newspaper Word of mouth Other:

Commissioner Dwyer informed me.

11. In which County Commissioner District do you reside? North Eugene

SERVICE STABILIZATION TASK FORCE

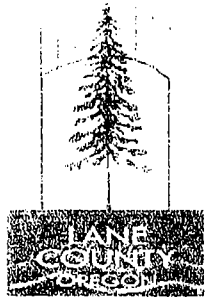

APPLICATION

APPLICANT'S NAME AND CITY: Dr. Greg Ringer	DATE: 8 July 2004
NAME OF TASK FORCE: Service Stabilization Task Force	PLEASE CHECK ONE: <input checked="" type="checkbox"/> New Applicant <input type="checkbox"/> Application for Reappointment

- Give a brief description of the experience or training that qualifies you for membership on this task force (If you wish, you may attach a resume or other pertinent material.)
More than 2 decades of professional experience as a community planner & economic development administrator for regional & local governments, as well as a professor in environmental planning.
- Why are you interested in becoming a member of this task force, and what specific contributions do you hope to make?
As a community planner and university educator, as well as a small businessowner, I am very interested in ensuring continued access to social and recreational services for residents, and maintaining conservation efforts.
- What is your experience or familiarity with large and financially complex organizations?
I routinely administer budgets exceeding \$1 million for international projects involving multi-level government agencies and lending organizations.
- Please describe your familiarity with Lane County's budget conditions and briefly describe what "general purpose government" means to you.
As candidate for County Commissioner, I am familiar with the current budget constraints and obligations, as well as the limits on discretionary spending. General purpose governments provide public services approved and funded by voters.
- List the community concerns and County service delivery issues related to this task force that you would like to see addressed if you are appointed.
Affordable recreation for low & moderate-income families; fiscal support for locally-owned microenterprises and entrepreneurs; energy efficient & environmentally sensitive business development.
- Briefly describe your present or past involvement in relevant community groups. (Having no previous involvement will not disqualify you for appointment.)
Current board member, Goal 1-Cascade Coalition for Sustainable Communities, Pacific Village Institute (Seattle), and Village Focus International (Laos), and past member, Eugene Citizens Involvement Committee.
- Lane County is committed to reflecting diverse cultures on its boards/committees and does not discriminate against any person on the basis of gender, race, color, national origin, religion, disability, or age in employment or in admission, treatment, or participation in its programs, services, and activities.
- Are you currently serving on any Advisory Boards or Committees? If so, which ones?
No.
- Are you employed by, have any business, contractual arrangements or family connections with programs having contractual agreements with the County or that might be within the purview of the task force on which you are seeking appointment? (If there is a change in your circumstances, please advise the staff for the task force within 30 days.)

Re: Service Stabilization Task Force
Lane County Administration
Public Service Building
125 East 8th Avenue
Eugene, OR 97401

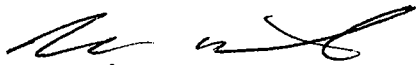

To Whom It May Concern:

My wife and I were married four years ago this August. On the date of our union we had a combined indebtedness (school loans and lines of credit) of over \$50,000. We were in poor financial health, but anxious to get on the right track. We developed a strategic financial plan to do just that. As one can imagine, however, things didn't always go according to plan.

The biggest potential blow to our financial plan (and to our physical and spiritual health) came in our first year of marriage as my wife was diagnosed with breast cancer. With the help of good health insurance and my wife's positive attitude, we persevered. Today my wife is healthy, and last January gave birth to our first child, a daughter. Moreover, after four years of sacrifice and determination, we are debt free. I can't find the words to tell you how good that feels. My wife and I are energized and excited about moving forward in our lives.

I want the citizens of Lane County to feel the same way. If not in their personal financial situations, then certainly in the way their local government manages its money. How comforting it would be for Lane County citizens to know that their county's wide range of services are well funded. I am confident that many smart and committed people are working on Lane County's budget challenges. Inevitably, they will find success. I hope, in some small way, I can be a part of that. Thank you for considering my application to be a part of the Service Stabilization Task Force.

Respectfully,

Matt Wilson

Lane County Service Stabilization Task Force

Supplement to Application for Matt Wilson

1. Lane County has many unique qualities. One of those is the fact that over 50% of Lane County is Federal forestland. In addition, there are hundreds of thousands of acres of private or industrial forestland. That adds up to a huge interest in forestland and forestland issues by Lane County. As a graduate of the College of Forestry at Oregon State University and an employee in the private timber industry, I hope to utilize my knowledge of forestland issues in serving on this task force.

2. I believe people have an obligation to become involved in their communities, but for the last few years I have not had the desire to do that. My focus, instead, has been on my wife's health, our own financial situation, and the birth of our daughter. As our family now moves toward a bright future, I am feeling excited about the idea of being involved once again. In addition, I feel this is a good opportunity to learn more about local government. As a member of this task force I would hope to fulfill my duties by listening and learning first, respecting the process and the ideas of other teammates, and hopefully by offering some unique ideas or creative solutions to long terms challenges.

3. One of my current roles is managing a road construction/ road maintenance crew. As part of this role I help to prepare an annual budget of approximately 4.5 million dollars. I understand road maintenance and road construction issues, especially as they pertain to rural roads, which Lane County controls many of. More importantly I understand the importance of good budgets, as they can prevent or accommodate surprises down the road.

4. Lane County's General Fund is funded primarily from user fees and service charges, federal monies (from historical timber revenues), and property taxes. The federal monies are set to expire in 2007 and seeking an extension to this funding is a high priority for Lane County. On the flip side, costs are rising rapidly due to health care, PERS, fuel and utilities. The costs facing Lane County are not unlike those facing its citizens, but with caps set on certain

revenues (federal money and property tax) it may prove more challenging to balance the budget. The discretionary portion of the General Fund (approximately 50 million dollars) is what the Service Stabilization Task Force will help scrutinize. Hopefully, the task force will also have an opportunity to explore creative solutions to increasing revenue for Lane County.

In my mind, a “general purpose” government is one that provides its citizens with a wide range of publicly funded services, and offers them a voice when deciding which services are of the highest priority.

5. There are no specific issues I would like to see addressed. I only hope to see that the county’s services are affordable and accessible to as many of Lane County’s citizens as possible.

6. I am a graduate of the 2000 Eugene/ Springfield Chamber of Commerce Leadership Class. This course educates its students in the workings of local government, non-profits, and private business. It also promotes community involvement.

Also in 2000 I served as a volunteer tutor/ mentor at the Lane County Juvenile Justice Center (Serbu). I tutored many young inmates in reading, writing, and arithmetic.

From 1998 to 2000 I coached soccer in the Sheldon area for Kidsports. The first team I coached, then a group of sixth graders, went on to win the OSAA class 4A state soccer championship in 2003 as juniors at Sheldon High School.

I have been a member of Veteran’s of Foreign Wars since 1993 for combat service in Somalia with the United States Army.

Mary Ann Holser, Service Stabilization Task Force Application. 7/21/04

NOTE: I have attached my numbered answers on the application on a separate sheet because I couldn't find the application on line and my handwriting is not readable.

1. I have been a citizen member of the County Budget Committee for 7 years; Vice-Chair of the Democratic Party of Oregon Budget Committee, Treasurer of the DPLC and the Fourth Congressional Democratic District Committee and budget committee member of various other organizations.
2. I could contribute my long experience on the county budget committee and familiarity with the budgets of various departments. I have regularly reviewed department budgets with their directors every year at the citizen pre-budget meetings. I have taught program evaluation at the college level.
3. In addition to the experience listed above, I have served as executive director of a large non-profit agency with multiple programs and now serve on the board of another non-profit agency.
4. To me, "general purpose government" means providing the services needed to ensure the county's citizens safety, health and good quality of life within the revenue and resources our citizens choose to make available through taxes, local, state, and national.
5. I would like to see more emphasis on the strategic plan in setting priorities for funding of services. Because the Public Safety Department consumes the major part of the County budget, I would like to see a thorough review of their organization and delivery of their services, including the jail. If possible, an outside audit could be useful.
6. I have been involved relevant groups throughout my life. To name a recent few: University East Campus Planning Committee; The County Health Advisory committee; League of Women Voters Ballot Measure Committee, Docent at University of Oregon Museum of Art; Oregon State Health Insurance Advisory Committee, The U.S. Nobel Peace Prize Memorial Committee; the Oregon Health Action Coalition and others.
7. I concur with this commitment because inclusion and participation in county activities by diverse individuals and groups enriches our county government activities,
8. As stated, I serve on the Budget Committee and no other Advisory Committees at present.
9. Yes, I was recently appointed to the Board of Prevention and Recovery Northwest, an agency previously receiving IDF funds. I would recuse myself from any contract or vote on funding that agency.
10. I was asked to apply by Commissioner Sorenson

SERVICE STABILIZATION TASK FORCE APPLICATION

1. Give a brief description of the experience or training that qualifies you for membership on this task force (If you wish, you may attach a resume or other pertinent material.)

- Principal of consulting firm specializing in Resource Development and Organizational Development for non-profits, special districts.
- Director of mid-size non-profit (\$1mil budget) - coordinated programs, administrative functions, and fund-raising activities for this mid-size nonprofit addressing the root causes of poverty. Managed million dollar budget and fourteen employees.
- Director of a rural library (\$100k budget) - develop and implement strategy to provide accessible, quality library service to ten thousand residents of southeast rural lane county.
- Coordinator, citizen's group (\$115k budget) - assist the Board to develop the League's strategy; manage fiscal matters, working closely with Lane Council of Governments (the League's financial administrator for its LSTA grant).
- Homemaker - Coordinate long-term goals with immediate needs in a fast-paced, fun environment. Develop and conduct needs assessments and create strategies to meet these needs. Design and implement leadership activities to meet growth and development needs of thriving blended family of five committed to public service ethic.

2. Why are you interested in becoming a member of this task force, and what specific contributions do you hope to make? I love our county and am interested in helping the commissioners achieve their mission to provide high quality local government services in a fair, open, and economical manner to better serve the needs and expectations of citizens and visitors. I am particularly interested in ensuring attention continues to focus on the county's super goal of improving the lives of lane county youth. I am additionally interested in maintaining/ensuring a balanced allocation of resources and services between urban and rural lane county.

In terms of the contribution I hope to make: my goal is to help scrutinize the County's budget and make recommendations that address a continuing budget shortfall. I have experience through HSC budget and planning committee, my clients, and our own household budget in balancing service levels with available resources in a climate of sharp reductions of both. I bring to a cause a depth of experience having worked with a diverse array of organizations and citizens groups, creating stable funding mechanisms; facilitating community input and planning efforts; developing programs; conducting needs assessments; building teams and collaborative processes; and establishing strong lines of communication between myriad systems and personalities.

I am a great believer in government's role in meeting the needs of all of its citizens equally, including the hungry, low income, and disenfranchised. To work with a task force as part of a dynamic and creative team to further the mission of Lane County would be a real pleasure.

3. What is your experience or familiarity with large and financially complex organizations?

- Chair, HSC Budget Committee, 2001-2004; Member HSC Budget Committee since 1998. HSC current budget of about \$11 million.
- Director of Mid-Size non-profit Coordinated programs, administrative functions, and fund-raising activities for this mid-size nonprofit addressing the root causes of poverty. Managed million dollar budget and fourteen employees. This wasn't a large budget, but it was very complex – five programs with a concentric configuration.
- I hope to gain more experience through work on this task force. I'm a quick learner and do my homework.

4. Please describe your familiarity with Lane County's budget conditions and briefly describe what "general purpose government" means to you. Service levels are undergoing sharp reduction due to deep state and local budget reductions. The County is projecting a budget deficit for the next four years. For fiscal year 2003-04, state reductions combined with steep Public Employees Retirement System and healthcare benefits costs created a serious shortfall: \$20 million for the total budget and \$5.75 million in the general fund.

General Purpose Government to me means 1) combine resources for the general welfare i.e. public safety, zoning, tax collection, road building, etc. 2) combine resources for those in need: mental health, children and families, human services, helping the low income and disenfranchised is to everyone's benefit.

As a percentage of the Discretionary General Fund, Public Safety (Youth Services, DA, Justice Courts and Sheriff's Office) accounts for 65 percent of the budget, Public Services (Assessment and Taxation, Children and Families, Health and Human Services, Public Works) accounts for 16 percent, and Support Services (County Administration, County Counsel, Management Services and General Expenses) accounts for 19 percent.

FUNDS WITHIN LANE COUNTY'S TOTAL BUDGET include:

The General Fund (of which the Discretionary General Fund is a portion)

Special Revenue Funds include dedicated funds such as the road fund and school fund.

Debt Services Funds for repaying debt incurred from past years

Capital Projects Funds for construction, maintenance and repair projects other than roads or waste management

Enterprise Funds for self-sustaining programs such as County Fair and Waste Management Division.

Internal Service Funds provide self-insurance, employee benefits, information systems, fleet service, and computer replacement.

The roads capital improvement budget includes preservation and improvement projects on County roads, revenue sharing with other agencies, special grant programs, and repairs to County shops. These funds are budgeted in the Road Fund.

Within the Discretionary General Fund, there are some services still mandated by state and federal law, such as Elections, Deeds and Records, and Assessment and Taxation.

Lane County collects taxes, and then distributes the money to almost 80 taxing districts.

On average, out of every dollar the taxpayer pays, 9.5 cents goes to Lane County Government.

School Districts - 49.6 ¢; Cities - 31.9 ¢; Other Districts (ambulance, library, parks, water, etc.) 5.8 ¢

Fire Districts - 3.1 ¢. Of the 9.5 ¢ Lane County receives it is distributed thus:

PUBLIC SAFETY: Sheriff's Office: 3.9 ¢; Youth Service: 2.1%; District Attorney: 0.8%

OTHER SERVICES: Public Services: 1.5% (assessment & taxation, elections & records, public & mental health); Miscellaneous: 1.1% building maintenance, capital projects, extension service, loan payments); Administration: 0.1% (computer services, county administration, finance & personnel, legal counsel).

5. List the community concerns and County service delivery issues related to this task force that you would like to see addressed if you are appointed. I would like to follow the strategic plan which states: "The county's highest funding priority will be those services that are effective in addressing the immediate and critical life and health safety needs of our citizens. Priorities will be guided by the

relative severity and immediacy of the threat to life and health safety and/or the effectiveness of long-term or future deterrent to threats that the service provides. For prevention services, early intervention will be a higher priority than later intervention." Lane County has placed as its highest priority public health and safety services with a strategic eye towards prevention services which have the best chance of reducing the need for additional services in the long term. In this manner, services such as police services, i.e. rural patrol, corrections, public health, and maternal child health are given top priority. I agree with the strategy of funding prevention and human services because they will reduce the need for additional services in the long term. I would like to see library services included in the service delivery system, but am aware of the challenges this poses.

6. Briefly describe your present or past involvement in relevant community groups. (Having no previous involvement will not disqualify you for appointment.)

Elected Office: Precinct Committee Person, elected May 2004, four-year term

Member, Southeast Neighbors

Member, Eugene City Club

Served four years in the U.S.A.F., three of these years in England

AWARDS AND HONORS

Received a Fulbright Exchange for one year at Norwich College of Further and Higher Education in Norwich, England

PUBLICATIONS

"Free Trade Requires Free Movement Across Borders", Register-Guard, Op-Ed piece, 1996.

In order to answer the second half of question #4, I have taken the time to review the Strategic Plan (2001-2005) for Lane County and I would like to comment on a part of it that I think pertains to the mandate of the Service Stabilization Task Force for which I am applying. P#iii states "that the county's highest funding priority will be those services that are effective in addressing the immediate and critical life and health safety needs of our citizens." These are what we think of as general purpose government items such as police services for rural areas, corrections and public health, all of which fit the mission and vision statement on P#7 of the Strategic Plan and which constitute the major items in the county's budget.

One of these items, the corrections item would seem to me to be a high priority item and, therefore, needs to be addressed by the Service Stabilization Task Force. One of the major goals of corrections is to incarcerate people whose behavior indicates that they are a threat to the safety needs of the citizens of Lane County. However, as the Strategic Plan states on P#iii "... Lane County has placed its highest priority on PREVENTION SERVICES which have the best chance of reducing the need for additional services in the long run." A second, major goal of corrections, therefore, must be the rehabilitation of inmates in order to reduce the rate of recidivism., allowing more of the county's scarce resources to be devoted to meeting the needs of the citizens of Lane County.

At the present time, the demand for correction space exceeds the supply. I would like to have the Service Stabilization Task Force concentrate on reducing the DEMAND for spaces since finances are not available to increase the supply and to do so would take scarce revenues away from public health, police services and services to families and children.

On P#iii are identified five strategies for revenue development, one of which is identifying and recovering user fees and charges. I would like the Task Force to identify all of these user fees and charges and to discuss which of these fees and charges have what economists refer to as "inelastic demand". A fee or charge which has such a demand is one where the fee or charge could be increased without lessening the demand by a larger % than the % increase in the fee or charges. For the sake of discussion, let us assume that fees charges to developers could be increased by 10% without a 10% reduction in demand for building permits. In this case, the County could increase its fees and charges for such a county service. I would assume that the other four strategies outlined would also be explored by the Task Force.

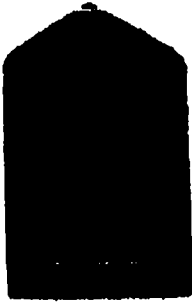

I hope this gives you an insight into what I could bring to this Task Force and what what areas I would like the Task Force to explore.

Sincerely,

G. Dennis Shine

682-4616
