---

**I. MOTION**

**THAT THE ATTACHED BOARD ORDER BE ADOPTED AWARDING REQUIREMENT CONTRACTS TO VARIOUS CONTRACTORS FOR FURNISHING ASPHALTIC MIX PATCHING MATERIALS AS SPECIFIED IN THE BOARD ORDER IN THE AMOUNTS NEEDED DURING THE PERIOD OF 7/1/07 TO 6/30/08; THAT THE CONTRACTS BE EXECUTED IN ACCORDANCE WITH THE BID SPECIFICATIONS; AND THAT THE COUNTY ADMINISTRATOR BE AUTHORIZED TO SIGN THE CONTRACTS.**

**II. DISCUSSION**

**A. Background / Analysis**

These contracts are for furnishing asphaltic mix patching materials to be used in the maintenance of County roads as needed during the period of 7/1/07 to 6/30/08.

Hot asphaltic concrete is applied to repair minor damage and minimize the breakdown of heavily traveled roads within Lane County and thus postpone the need for more costly treatments, such as base placement or asphalt overlays. Heavy vehicle traffic and inclement weather create safety hazards in the formation of potholes, break-up, and slippage of the surface.

These contracts are awarded periodically to all qualified bidders, which guarantees Lane County the best price for the material based on the low bid and the hauling cost to Lane County.

Contract specifications require Lane County to purchase at least \$100.00 of materials from each qualified bidder. These materials are purchased as needed during the term of the contract; therefore, a contract dollar amount cannot be specified.
