Dear Sir:

We are writing to object to any development of a 70 unit recreational vehicle park proposed to be located on the above parcel which is west of McKenzie River and south of Blue River containing 196 acres of land and owned by Rosboro lumber Company.

It is our understanding that there is a Measure 37 hearing to remove the present restrictions on this property. The impact of traffic, noise, and people would only make an already burdened highway (Hwy. 126) overburdened in every way and devalue our property and close knit community. This would have a negative impact on our environment in every way.

Please keep us informed If all hearings regarding this matter.

Sincerely,

Robert and Beverly Boyer
