**IMPORTANT AGRICULTURAL LAND DISTRICT (A-1)**

**10.106-05 Purpose.**

The Important Agricultural Land District (A-1) is intended to provide areas for the continued practice of commercial agriculture, permit only those activities compatible with commercial agriculture, to guarantee the preservation and maintenance of areas so classified. It is adopted as an Exclusive Farm Use District as provided for by ORS 215.203 through ORS 215.263.

The Important Agricultural Land District is to be applied to land designated as agricultural by the Comprehensive Plan and possessing the following characteristics:

1. Land having soils of Class I, II, III or IV as identified by the US Soil Conservation Service or lands suitable for farm use pursuant to LCDC Goal 3; and
2. Land where the predominant activity is commercial agriculture and where application of this District is necessary for the continuation of such activities, and
3. Land in an area that is relatively free from non-farm uses; and
4. Land in an area where the predominant soils are of the type classified as "prime" or "soils of local importance" by the United States Department of Agriculture Soil Conservation Service. Other surrounded or adjacent lands may also be included in the Important Agricultural Land District where such inclusion is necessary to preserve and protect the integrity of commercial agriculture.

It is County's policy to protect forestry and agricultural operations from conflicting land uses. Nothing in this chapter is intended to interfere with normal forestry or agricultural management or practices that might result in conditions such as noise, dust or smoke, visual impacts or odors for temporary periods of time. Existing or proposed non-forest or non-farm uses (i.e., dwellings) within the Important Agricultural Land District (A-1) must recognize that the intent of the District is to protect resource management activities and that, in the event of conflict between residential uses and normal forestry or agricultural practices, this chapter will be interpreted in favor of resource management practices. (Revised by Ordinance No. 16-80, Effective 9.27.80)

**10.106-10 Uses.**

Within an A-1 District only the following uses and buildings are permitted pursuant to the review process and criteria as specified in Table I below. The number opposite the proposed use under the column describing the land unit under consideration will indicate the appropriate review process described in LC 10.106-12.
