

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD.gov at https://www.hud.gov/program_offices/comm_planning/coc.
- Questions regarding the FY 2023 CoC Program Competition process must be submitted to CoCNOFO@hud.gov.
- Questions related to e-snaps functionality (e.g., password lockout, access to user's application account, updating Applicant Profile) must be submitted to e-snaps@hud.gov.
- Project applicants are required to have a Unique Entity Identifier (UEI) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2023 Continuum of Care (CoC) Program Competition. For more information see FY 2023 CoC Program Competition NOFO.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2023 CoC Program NOFO and the FY 2023 General Section NOFO.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with navigational guides, which are also found on the HUD Exchange.
- New projects may only be submitted as either Reallocated, Bonus Projects, Reallocated + Bonus or DV Bonus. These funding methods are determined in collaboration with local CoC and it is critical that applicants indicate the correct funding method. Project applicants must communicate with their CoC to make sure that the CoC submissions reflect the same funding method.

Regionally, over 58,000 low-income residents are served annually through programs, contractual agreements and partnerships with 40 public and private human service and housing agencies. LC has exceptional experience in developing and operating programs to meet the health and human service needs of the populations targeted in this application.

2. Describe your organization’s (and subrecipient(s) if applicable) experience in leveraging Federal, State, local and private sector funds.

As the applicant, the Lane County has a 44-year history of integrating and leveraging local, state and federal funding sources resources, while engaging business, private and philanthropic sectors as partners to improve outcomes for people experiencing and at risk of homelessness. Lane County coordinates and integrates services maximizing the use of public sector resources and leveraging private sector resources to meet human needs. LC provides the community with access to state and federal grants, leveraging local resources. LC staff work to continually identify all federal, state, and local funds to support the core components of a comprehensive, high-quality CoC system. Innovative funding strategies have always been an important building block. In this way, LC is able to use categorical funding for homeless programs at both the federal and state levels and meld them while leveraging private sector resources to perform the challenging work of comprehensive system building.

3. Describe your organization’s (and subrecipient(s) if applicable) financial management structure.

As a county governmental organization, Lane County (the applicant), has a very sophisticated financial accounting system in place. Lane County follows the well-established Lane County financial policies and procedures manual, which was approved by the governing board to document the financial policies by which the organization operates in accordance with Generally Accepted Accounting Principles. The policies are also reviewed during the annual financial audit for consistency with GAAP and for compliance with OMB Uniform Guidance. As a division of the Lane County Department of Health and Human Services, the Human Services Division has a clear separation of duties regarding collection, posting, and depositing of receipts, accounts payable, bank reconciliations, and check signing. The organization’s accounting system is more than adequate to track all revenue sources and expenditures in sufficient detail to obtain financial data on each program and each service within a program.

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

The Lane County Coordinated Entry (CE) Domestic Violence Bonus (DV) Supportive Services Only (SSO) Project will be utilized to address inadequacies of the current CE system in meeting the needs of survivors of domestic violence, dating violence, sexual assault or stalking and provide additional support for the execution of emergency transfers. Currently, those identifying as survivors or fleeing presenting at CE access points who provide consent receive a warm handoff to survivor-focused agency or Victim Service Provider (VSP) in their community. Providing direct support in the moment would require additional coordinated entry staffing and funding for ongoing victim-centered training and technical assistance and ideally, CE and DV services would be co-located. The proposed CE-DV SSO project would fund a 1 FTE coordinated entry staff member to focus on bridging the gap between CE and victim services providers. Activities of the staff would include conducting front door assessments for survivors using a trauma-informed, victim centered approach; providing trainings and technical assistance to victim services providers regarding coordinated entry pathways to housing and supports; decreasing barriers to accessing housing for DV survivors; improve best practices through updated CE policies and procedures related to serving DV survivors; and ongoing continuous quality improvement that incorporates input from victim service providers, individuals with lived experience, and other stakeholders. This staff will also act as liaison in executing Emergency Transfers when necessary, assisting with housing navigation, deposits, moving costs and fees as needed. An estimated 100 survivors will be assessed through CE during the course of the grant. The following outcomes are expected:

- Coordinated Entry staff will conduct Coordinated Entry assessments with 100 survivors of domestic violence over the term of the grant.
- 100% of assessed households will report having a positive assessment experience via post-assessment survey.
- At least 60% of clients engaged will be connected to basic need supports and housing pathways.
- Coordinated Entry staff will conduct 8 trainings for providers over the course of the grant period with the intent of decreasing barriers to access housing for DV survivors.

We expect this project to positively impact the following system performance measures:

- Reduction in length of time homeless
- Increase placement into Permanent Housing
- Increase placement into PH from Street Outreach

2. For each primary project location, or structure, enter the number of days from the execution of the grant agreement that each of the following milestones will occur if this project is selected for conditional award.

4. As an SSO-Coodinated Entry project answer the following questions:

4a. Will the coordinated entry process cover the CoC's entire geographic area? Yes

4b. Will the coordinated entry process be affirmatively marketed and easily accessible by program participants seeking assistance? Yes

4c. Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance.

Lane County Coordinated Entry utilizes a no wrong door approach partnering with six different agencies to serve as front door assessment sites and with four street outreach teams to also conduct assessments. Information regarding front door assessment options are shared on the county homelessness focused website, in well-established community resource guides and through 211info. All programs serving people at risk of homelessness or who are homeless are knowledgeable about the front door assessment sites and share information with their clients. Culturally specific agencies have also been briefed on front door assessments and locations where clients may receive them in their preferred language. The outreach teams are tasked with engaging those with the highest barriers to access services, particularly those in rural areas, with coordinated entry. Each outreach teams has a specific region in the community to focus on in order to more effectively engage with clients who have high barriers and be familiar with the area. They are able to conduct housing assessments and connect clients with other needed supports and resources.

4d. Will the coordinated entry process use a comprehensive, standardized assessment process? Yes

4e. Describe the standardized assessment and referral process that directs individuals and families to appropriate housing and services.

Homeless families and individuals can present at different access points for the entire CoC and be assessed using the same assessment process and methodology. Households (HH) able to quickly exit homelessness can use a CE Diversion program and dedicated staff to identify a swift resolution via a single payment. HH's that are not able to resolve their homelessness with CE Diversion will complete an assessment. All HH are currently assessed using the VI-SPDAT (for Adult HH and Unaccompanied Youth) or the VI-(F)SPDAT (for HH with children) to determine the household's vulnerability and level of service needs. Once assessed, they are prioritized based on who is most vulnerable, rather than a first come first-serve basis, and scores are weighted by length of time homeless. HHs that are prioritized are presented with and able to speak with a team member about what housing options are available and can make a choice of which program to be referred to base on their personal preferences. However, the LC Coordinated Entry (CE) Stakeholder committee has made significant progress in replacing the VI-SPDAT with a new assessment tool and implementing dynamic prioritization that considers case conferencing. The new tool is designed to measure vulnerability through the lens of trauma informed care and equity. This includes reducing the questions and ensuring their direct relevance to vulnerability. LC is also adopting a phased assessment approach to Coordinated Entry, collecting information from HHs at their first touch, and requesting additional information only as needed. These improvements to CE have a target of October 2023 for implementation. Lastly, LC assessors are trained to look for signs of a participant experiencing DV and adjust the assessment accordingly. HHs who identify experiencing and/or fleeing DV do not have their assessments entered into HMIS to ensure safety and confidentiality. Instead, our dedicated assessor sites and local VSPs, Hope and Safety Alliance and Siuslaw Outreach Services, send the CoC a paper form of the assessment with participant aliases for participation in the CE.

4f. If the coordinated entry process includes differences in access, entry, assessment, or referral for certain subpopulations, are those differences limited only to the following groups: Yes

- (1) adults without children;
- (2) adults accompanied by children;
- (3) unaccompanied youth;
- (4) households fleeing domestic violence, dating violence, sexual assault, stalking, or other dangerous or life-threatening conditions (including human trafficking); and
- (5) persons at risk of homelessness?

VAWA Budget

New in FY2023, the Violence Against Women Act (VAWA) has clarified the use of CoC Program funds for VAWA eligible cost categories. These VAWA cost categories can be added to a new project application to create a CoC VAWA Budget Line Item (BLI) in e-snaps and eLOCCS. The new BLI will be added to grant agreements and utilized the same as other CoC Program BLIs in e-snaps and eLOCCS. Eligible CoC VAWA costs can be identified in one or both of the following CoC VAWA categories. Examples of eligible costs in these cost categories are identified as follows:
