Re: Public Records Petition

Dear Ms. Vicari:

On May 24th 2021, this office received your Petition for Public Records Order for "21-013856 body worn camera footage for the incident on 01/17/2021 and any other information [o]n that call."

I have reviewed your request and determined that the "21-013856 body worn camera footage for the incident on 01/17/2021" is not subject to public records disclosure. ORS 192.345(40) provides that "Audio or video recordings, whether digital or analog, resulting from a law enforcement officer's operation of a video camera worn upon the officer's person that records the officer's interactions with members of the public while the officer is on duty" are exempt from public records disclosure "unless the public interest requires disclosure in the particular instance."

There is no reason specific to this "particular instance" that the public interest requires disclosure of the requested body worn camera footage. It is this office's understanding that you have already been provided with the other requested information in the form of CAD reports for Eugene Police Department cases 21-013856 and 19-216633.

Sincerely,
PATTY PERLOW, District Attorney

Dominic F. Passarelli
Assistant District Attorney
